

Yoga Activity Report

Every year on the occasion of 'International Yoga Day' we conduct Yoga activity under National Service Scheme of our College.

On this occasion we brief the student about the benefits of Yoga and appeal them to perform Yoga daily in their routine life.

We perform various Yoga Exercises like Tadasan, Vrukshasan, Halasan, Vajrasan etc. on 21st June i.e. International Yoga Day. Apart from this we also perform various Breathing Exercises like Pranayam, Anulom vilom, Kapalbharti, Bhramari etc.

We also convey the importance of Dhyandharana and ask them to practice it in their daily life, due to which they improve their concentration capacity.

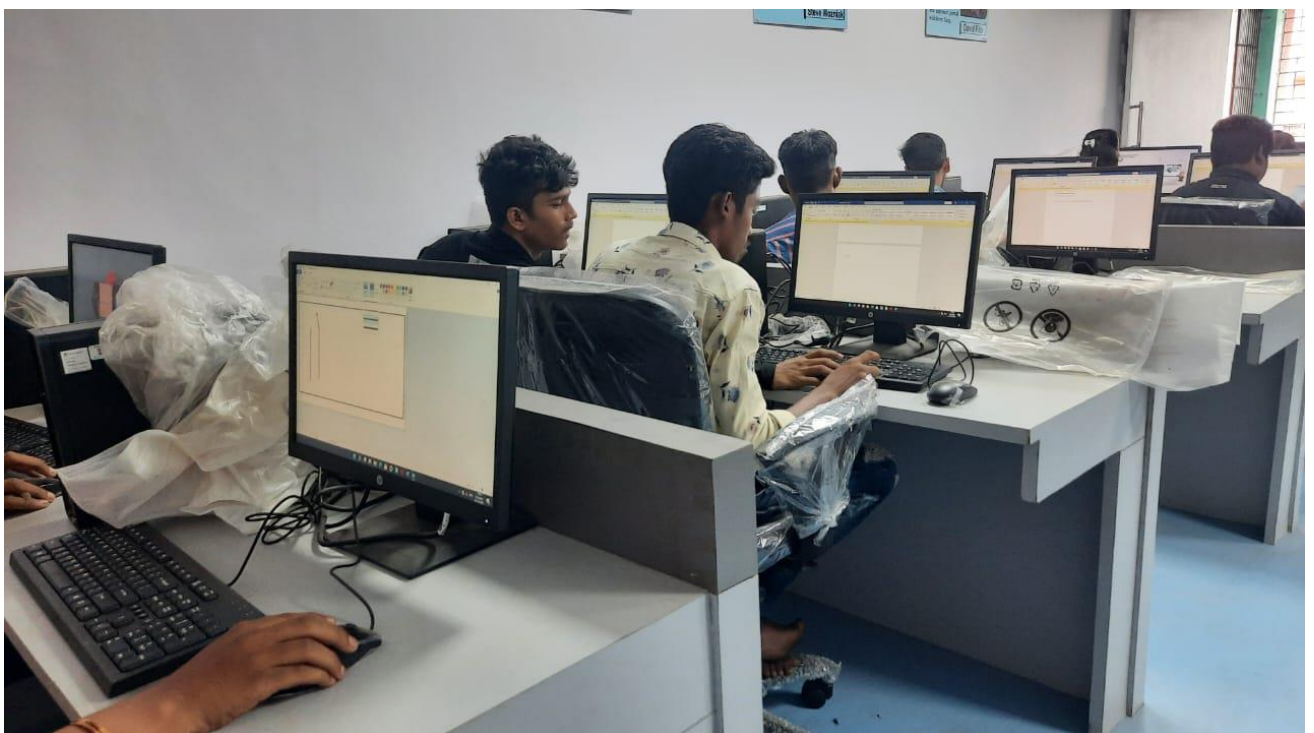

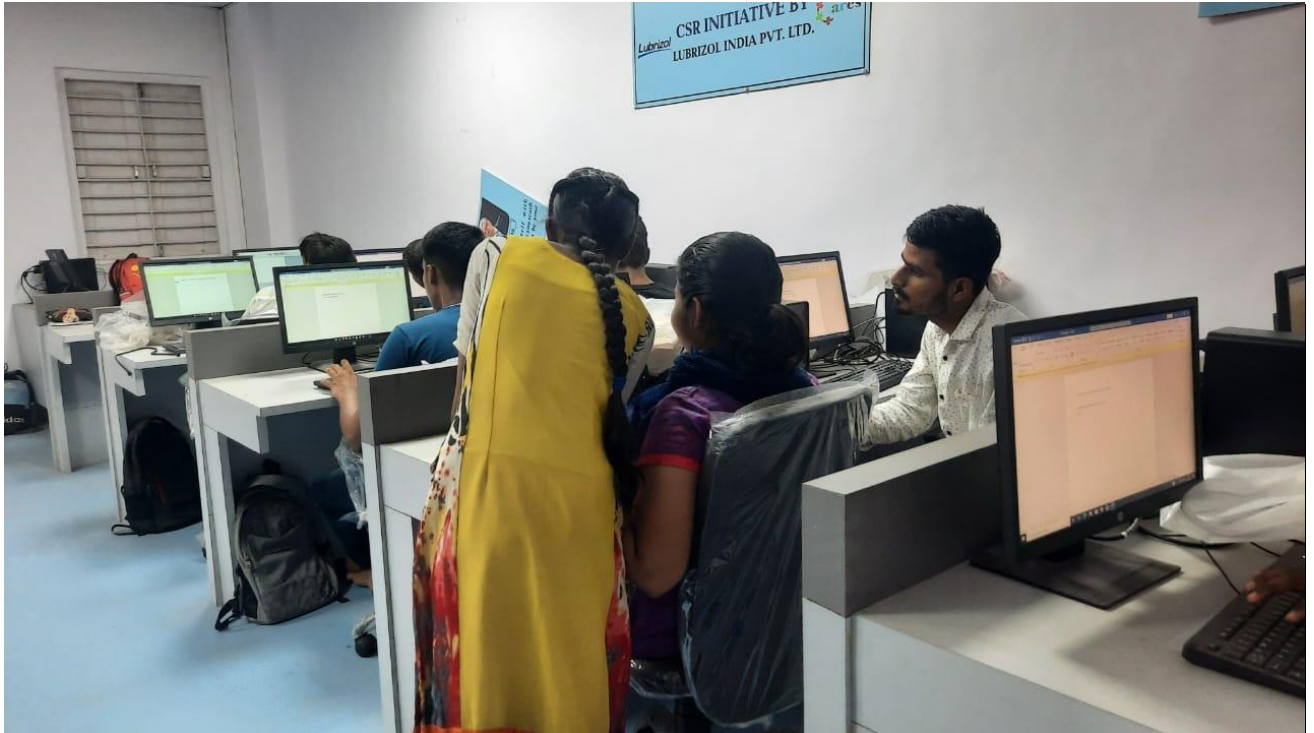

From 2014 to till today, every year we arrange Yoga Activity in which all teaching and non-teaching staff participate along with students.

Computer literacy programme

Well equipped computer lab has been used to increase computer literacy and computer skills of the students. Basic computer training was provided during computer literacy programme of three days between 5th December 2022 and 7th December 2022. Students were taught to learn typing on computer and make slides for power point presentations. They were also taught e-mailing via computer.

Use of smart classroom

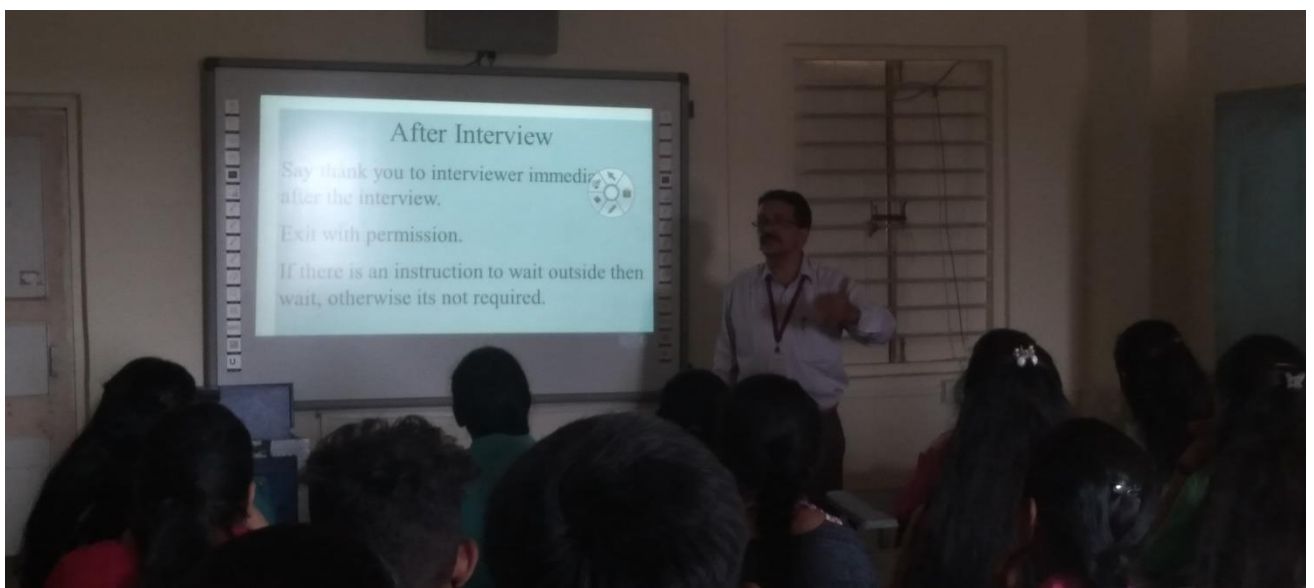

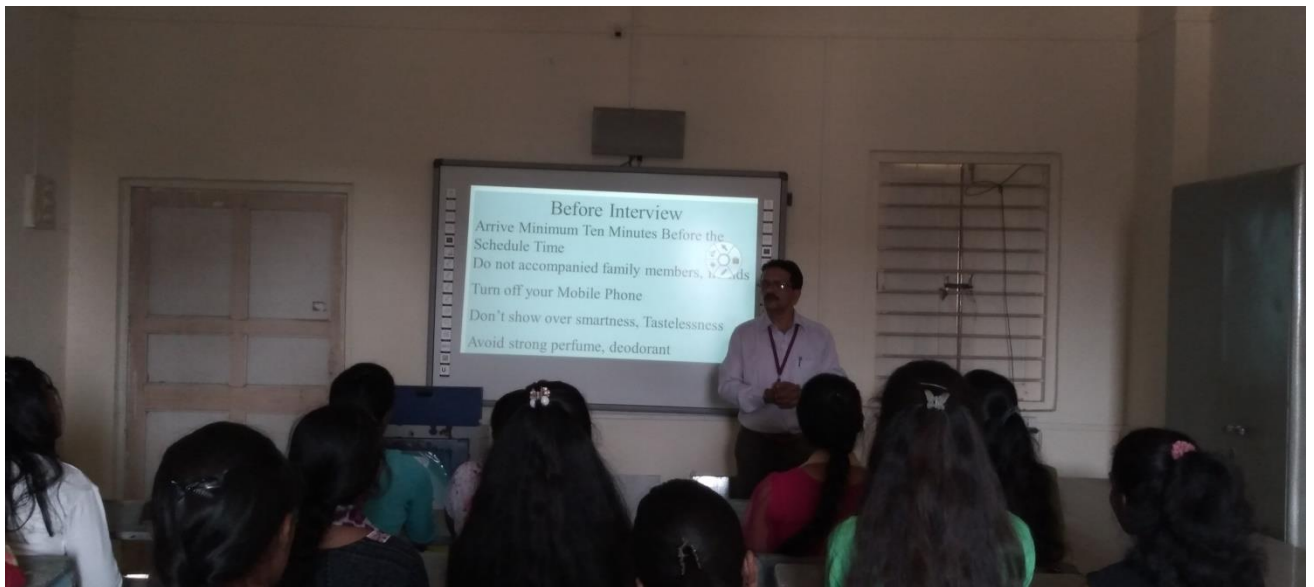

Institution has set up smart classroom to keep pace with changing time. Department of History arranged one session on 3rd February 2023 in smart room to explain the historical monuments in India. History students collected information about these monuments to prepare research papers for their regular paper presentation. Every teacher uses this smart room to give up to date knowledge about their subject and make the teaching more sophisticated and interesting.

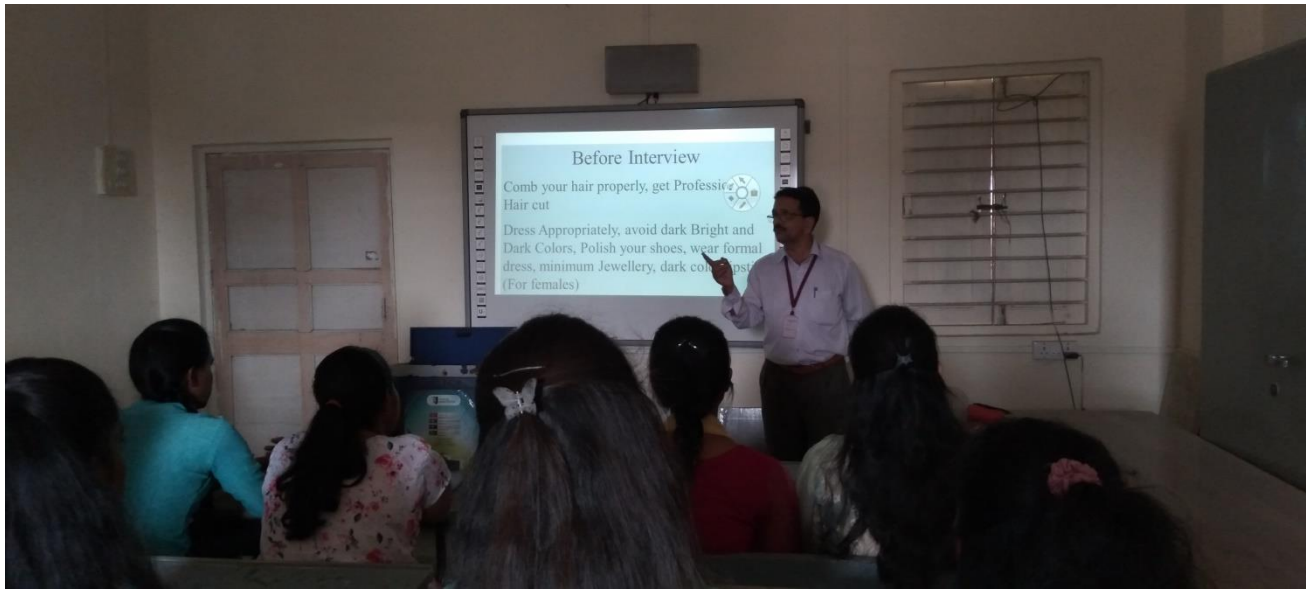

Mannerism of Interview & Body Language

To crack the interview it's essential to follow some mannerism and also essential to do pre-interview preparations. By considering this we arranged lecture on Mannerism of Interview and Body Language which is essential to face the interview successfully.

In this lecture we brief Before Interview, During Interview, after Interview Mannerism, with the help of this students are able to face interview confidently.

Lets Understand Stock Market

Stock Market is the source with the help of which not only the investment is possible but generation of employment opportunities is also possible. By considering this we arranged lecture on functioning of Stock Market in September 2022.

We make aware students about this Market and gives information about Shares, IPO, Debentures, Deposits, Bonds and Stock Market. In this workshop an attempt was made to enhanced investment skill in Stock Market.

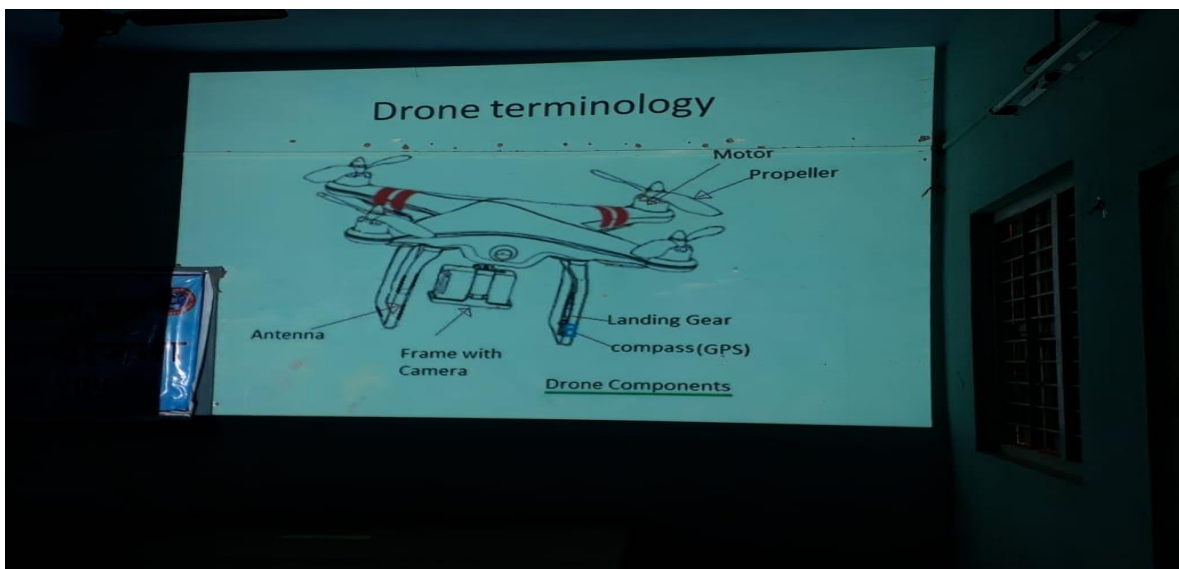

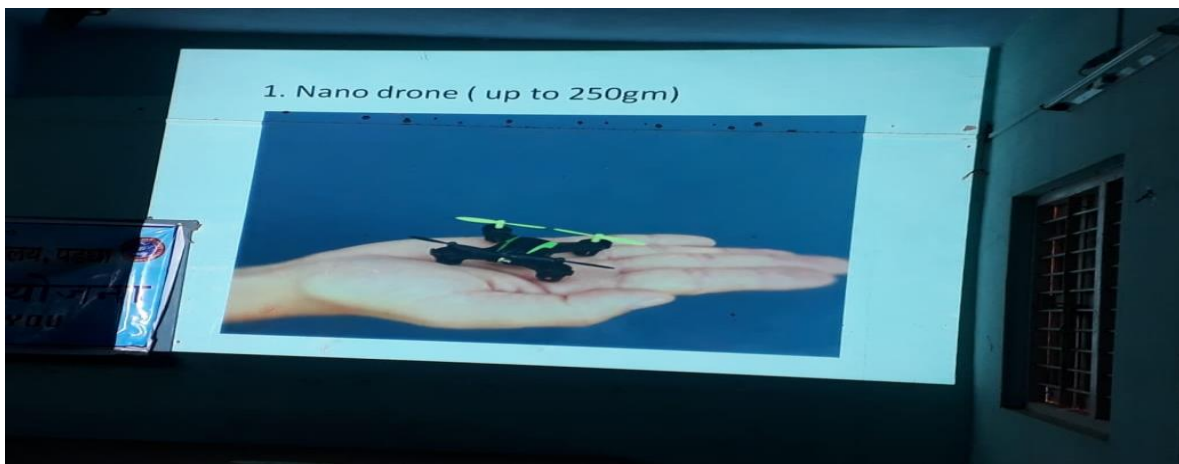

Awareness of Trends in Technology

(Drone Technology)

With the cooperation of National Institute of Drone, we arranged introduction lecture on Drone Technology to aware students about this technology.

In present era Drone Technology used in Commercial Photography, mapping, cinematography also, potentiality of this technology is very exciting & there will be so many job opportunities will existed in near future, by considering this we also aware students about the commercial use of Drone.

Importance of drone

- Globaly 30% of totel crop production is damaged due to weed,pests and crop deseases.
- 21% of infrastructural and constructional projects are delayed due to delay in survays in most of which survayers are subjected to risk.
- Globaly 1000000 inspections of bridges and huge constructions are done in which men are sent in risky environments.

Career scope in UAV

- There are a predicted thousands of drone-related careers set to flood the jobs market over the next few years. These will range from aerial photography and/or cinematography to mapping and modeling. It is potentially a very exciting job market and promises to be a pretty rewarding career.

Development of Entrepreneurial Skill in the field of Sericulture

In our college most of the students are come farmer family. To make them aware & develop entrepreneurial skill among them about Sericulture. We were arranged one day field visit to Chiradpada 08k.m. away from Padgha. Progressive farmer of Padgha area Mr. Vishwas Sapat gave detail information about Sericulture to the students.
